

**DSO Entity is looking for a Legal Advisor supporting the association**

**Brussels Based**

**Deadline for applications: 21 May 2026**

**Presentation of DSO Entity**

**DSO Entity represents some 800 electricity Distribution System Operators (DSOs)** of small, medium and large size, connecting 250+ million consumers across the 27 Member States of the European Union. Our European association aims to increase efficient and reliable operation of electricity distribution networks to actively facilitate energy transition. DSO Entity acts as a platform of cooperation between electricity DSOs with the overall objective of positioning itself as an expert body tackling essential matters such as **developing network codes & guidelines, promoting the optimal & coordinated planning and operation of DSO/TSO networks, and sharing of best practices** on flexibility, digitalisation of the distribution systems and the integration of renewable energy sources. As such, it will take up a key role in the development and completion of the internal electricity market. DSO Entity was formally established in June 2021 after being legally mandated by the revision of the Electricity Regulation (2019/943) as part of the Clean Energy Package.

**What we offer:**

- Join a **young European member-based association** with a clear overriding purpose on actively uniting and facilitating DSOs to make the energy transition happen.
- A **wide variety of policy areas** in various expert groups (EGs): cybersecurity, distributed flexibility, data interoperability, grid digitalisation and investment planning (TYNDP).
- Be part of an **international and dynamic team** that has the ambition to develop DSO Entity into a credible and interactive platform and key energy actor in Brussels.
- Benefit of different opportunities for personal and professional development.
- **Full-time contract** (possibility for a 4/5 full-time equivalent) with professional growth, **starting as soon as possible**.

**Main responsibilities:**

- Support the Senior Legal Manager in the preparation of Task Force (TF) Legal meetings and coordination of its workstreams.
- Provide legal advice on EU energy legislation to technical expert groups and task forces on topics covered by the legal team and TF Legal (e.g., cybersecurity, distributed flexibility, and/or data interoperability etc).
- Assist and support the Strategy, Legal and Regulatory department with legal advice.
- Develop and review documents of legal nature such as drafts for network codes (NC), terms and conditions or methodologies (TCMs), implementing acts, terms of references (ToR), memorandum of understandings (MoU) or statutes.

- Support the governance of DSO Entity on legal questions, i.e., development and interpretation of statutes, rules of procedures, terms of references.
- Support and advise the association on legal matters on different topics and tasks.

**Requirements:**

- Master's degree in law, preferably with additional specialisation in European law. Experience in European energy law and/or intellectual property law are an asset.
- A minimum of 3-year experience working in a legal profession, preferably in the energy area. Track record of drafting and reviewing legal opinions, contracts and agreements, and/or regulatory documents.
- Thorough understanding of EU processes, decision-making, EU-related organisations and strong knowledge of EU energy policy and legislation (e.g., internal energy market, renewables, decarbonisation frameworks).
- Basic understanding of the functioning of the energy system.
- Fluency in English and another European language.
- Ability to translate complex legal frameworks into practical advice.
- Excellent analytical and problem-solving skills and ability to work in a multicultural environment.
- Highly motivated to engage in the energy transition and interest in dealing with highly technical topics.
- You are Brussels-based.

**How to apply:**

Please send your application to [info@eudsoentity.eu](mailto:info@eudsoentity.eu) in English (maximum 1-page motivation letter and 1-page CV in PDF) by 21 May 2026.

**Only complete applications will be considered.**

Only short-listed candidates will be contacted. First round of virtual interviews is expected to start around 4 June 2026, optional second round in following weeks.
